This elegant antique coat rack was crafted in northern France, circa 1870. The tall stand sits on a straight plinth, and features a central stem dressed with eight bronze double hooks for coats and hats; it is further embellished with a carved cone shape finial at the top. The lower part with scalloped back is decorated with two rows of rings which will hold up to 18 umbrellas and canes! The bottom is dressed with an insert water drip tray. The large and narrow Napoleon III hall tree is in excellent condition commensurate with age and use, and adorns a rich walnut patina; it could be placed near the front door, or even in a master closet to catch extra clothing and belts. Canes not included. Measures: 35" W x 8" D x 86" H.
