Tags: [Decorative Items](#)

This elegant carved alabaster center piece was sculptured in France, circa 1880. The display piece features three, embellished tiers with flowers, and is crowned with a carved tulip shape, decorative top. The shining white alabaster would make a wonderful center piece for a dining room table and is in excellent condition with a rich patina. Measures: Diameter 10" Height 26". SKU: 132-402
