Add an elegant focal point to your entry, hallway or living room with this beautiful antique carved console table. Carved in Spain circa 1850, the trestle console stands on intricate carved ox yoke supports, connected with a thick, forged iron crossed stretcher. The table with a scalloped apron, features three hand carved drawers across the front, embellished with floral rosettes decor and dressed with the original wrought iron pulls. The top is dressed with a long thick variegated red and white marble surface with ogee edge. The tall and narrow Spanish Baroque style table is in excellent condition commensurate with age and use, and adorns a rich oak patina and wonderful distress throughout. Versatile, the table could also be used as a console behind a sofa, or placed against a wall under a tapestry or large mirror. Measures: 86.75" W x 22" D x 37.5" H.
