**SKU:** 243-171

**Stock:** N/A

**Categories:** [Coffee Tables](#), [New Arrivals](#)

This large coffee table base was crafted using two ornate antique gates from France. The elegant table stands on four square legs over the antique window balcony gate from Provence, circa 1820. The heavy forged balcony gates welded together, are decorated with intricate designs and scrolled motifs and dressed with a beveled glass top. The cocktail table is in excellent condition, and adorns a patinated polished steel finish. Few scratches on the glass (normal wear). Closed to 200 pounds! Measures: 38.5" W x 42.5" D x 20" H
