This antique leather bench was crafted in the Czech Republic, circa 1920. The rustic exercising seat features four angled wooden pine legs capped on the ends with blue and black painted metal hoof feet covers. The rounded, original surface is upholstered with a nicely aged brown leather top. This sturdy, simple seating is in excellent condition commensurate with age and use, and adorns a rich light pine patina; the leather has a beautiful and rich warm patinated finish throughout. This versatile piece could be used as a bench for extra seating, at the end of a bed, or even as a long and narrow coffee table in a casual den. Measures: 56" W x 23.5" D x 18" H.
