Serve your guests in style with this exquisite antique French faience serving platter. Crafted in Rouen, France, circa 1930, this hand-painted ceramic masterpiece features a striking central medallion with radiating motifs, framed by an intricate floral and foliate border in a vibrant palette of deep blue, rich red, and golden yellow. The rectangular form is both decorative and functional, boasting two sculpted carrying handles in the form of intertwined lizards biting each other's necks. The colorful ceramic piece is in excellent condition, commensurate with age and use, retaining its rich artistic detail, vibrant hues, and crackled finish. The decorative plate would make an outstanding addition to your porcelain collection. Display the tray as a centerpiece on a dining table, kitchen island, or even use it for serving food.
