Decorate a garden or courtyard with this antique crane sculpture! Crafted in Normandy, France circa 1950, and built of concrete, the bird sculpture stands on straight metal legs with feet firmly planted onto an oval base. The tall statue looks real with its red beak facing forward and the black painted plumage. The avian sculpture is in excellent condition commensurate with age and use, and adorns a wonderful weathered patinated painted finish in the off white, red and black color palette. The garden bird will make a lovely addition to a patio, courtyard, or around a swimming pool! Weight 18 pounds. Measures: 8"W x 16"D x 30"H.
