This important and colorful antique cache pot was crafted in Normandy, France, circa 1950. Standing on three dolphin form feet, the large porcelain planter is decorated with three floral medallions around the perimeter, and embellished with a blue and red foliage decor around the lip. Each hand painted floral bouquet is shown inside a vase which is set on a decorative carved base. The elegant faience planter is in excellent condition and adorns rich colors in the blue, red and pink palette. Measures: 20.75" Diameter 14" Height.
