Decorate a study or office with this elegant antique desk armchair. Crafted in Provence, France, circa 1960, the corner chair has an arched cane back decorated at the top with floral motif at the top. The traditional desk chair stands on four carved cabriole legs embellished with acanthus leaf motifs over the hoof feet; it is further decorated with a scalloped apron and side scrolled arm rests. The rounded back and comfortable seat are upholstered with cane and the seat is further embellished with a removable custom tapestry cushion with floral motifs. The Louis XV armchair is in excellent condition commensurate with age and use, and adorns a rich walnut patina.
