Decorate a patio with this elegant set of antique outdoor planters. Carved in France, circa 1970, each terracotta jardinière with drain hole to center, is round in shape with barrel and tree trunk form. The jardinières are in excellent condition commensurate with age and use, and adorn a beautiful patinated weathered finish and evidence of outdoor use. A wonderful addition for an outside garden. Weight about 30 pounds each. One of them had small repairs to rim. Measures: 15" Diameter 12" Height.
