Decorate a kitchen with this elegant pair of water or wine pitchers from Provence. Hand crafted in Southern France circa 1980 and made of earthenware, each pottery vessel is round in shape and dressed with a large handle on one side, and a pouring spout at the other extremity. Both Provencal "Cruches" have a glazed finish in the traditional Provencal green palette. The jars are in good condition commensurate with age and use, and adorn a rich patinated finish. Use them as decorative accent pieces on top of kitchen cabinets! A few chips you can see in the detailed images but that is what makes the charm of these because of age. Measures: 12" Diameter 12"H
