Decorate a backyard with this elegant pair of antique planters. Crafted in the Loire Valley of France circa 1860 in the neoclassical style, the large vases have a stately, elegant style. Each "Chambord" flower pot stands on a square base over a circular foot; the planter features a flared rim with egg-dart molding, and dual scrolled foliate handles over a gadrooned body. Both heavy garden urns are in excellent condition and adorn the original weathered patinated painted finish with evidence of outdoor use; they would make an elegant statement on either side of a front door, on a patio, or around a swimming pool. Drainage hole in the bottom. Weights 67 pounds each! Measures: 28" W x 19.5" D x 17.5" H.
