Add an air of elegance to your home with this pair of antique candlesticks. Crafted in Italy circa 1880, each candle holder stands on round feet over a sturdy triangle base decorated with hand carved floral motifs. The carved stem is embellished with acanthus leaf decor and is topped with a wooden candle holder. The detailed candlesticks flaunt their beautiful, original two-tone polychrome and beige painted finish and are in excellent condition. Versatile, they could be used to decorate a dining table, a buffet, a mantel, or converted into table lamps. Measures: 6"W x 6"D x 21.5"H.
