Crafted in Italy circa 1950 in the neoclassical style and made of hand carved granite, the antique planters have a stately, elegant style. Each vase stands on a square base over a fluted and gadrooned body with flared rim with egg-dart molding. Both heavy marble garden urns are in excellent condition and adorn the original colorful rusty orange patinated finish with evidence of outdoor use; they would make an elegant statement or on either side of a front door, on a patio, or around a swimming pool. Large drainage hole in the center. Weights 152 pounds each! Measures: 15" Diameter 17" Height.
