Categories: [Candelabras & Candlesticks](#), [New Arrivals](#), [Sconces](#)

Make a dramatic, romantic statement in your home with this elegant pair of wall fixtures. Crafted in Italy circa 1970, each large sconce features a hand carved vase flanked with draped swags embellishments on either side; the pediment is further decorated with leaf motifs. Each fixture is dressed with three scrolled metal arms decorated with ornate hand carved floral bobeches. The large Baroque style wall lights are in excellent condition, and adorn a beautiful two-tone patinated and rubbed antique silver leaf and gold leaf finish. Place these whimsical sconces on either side of a mirror in a powder room, or in an entry. In need of wiring if you want to make them into electric sconces. Candles not included. Measures: 9"W x 23.5"H
